

Dreams come true – 2015

Josef Haid

Some hope

Life wasn't treating you badly, just got some rough road
No need to be so sad girl, believe me there is hope
What you need is some reflection, about you and about your life
To decide what you want girl, and I tell you now its time

Let me give you some hope girl, that's what I wanna do
Let me give you some hope girl, the one responsible is you
Let me give you some hope girl, who has the key is you
Let me give you some hope girl, I will be there for you

No one's gonna take this off of you, its you who's gotta move
The best start's to get to know you, with all your fears and all your ills
Especially what makes you happy, what makes you really thrill
But one thing I can tell you, it can't be done with pills

Let me give you some hope girl, that's what I wanna do
Let me give you some hope girl, the one responsible is you
Let me give you some hope girl, who has the key is you
Let me give you some hope girl, I will be there for you

If you think you're going crazy, don't worry that's all right
Let me tell you that's the moment, when new things come to light
Don't be afraid girl, I'll be there to hold you tight
Just promise me to take girl, decisive steps towards the light

... some hope
... some hope
... some hope
... some hope
... some hope
... some hope

...let me give you.. some hope
...let me give you.. some hope
...let me give you.. some hope.
