

The only one (May 2016)

Josef Haid

Verse 1:

Baby you saw me, with another girl in town
I told you, just business, nothing of my own
But looking in your greenish eyes, I saw that trace of doubt
I knew there is something we should talk about.

Verse 2:

I know how it feels, cause I sometimes feel the same
When I see you talking to another man.
Is there that spark in your eyes, that little touching smile?
You said nothing, just talking to another man;
Nothing, just talking to another man.

Refrain:

Baby baby can't you see, that you'r the only one for me,
With out you I could never, ever be
Baby can't you see, you'r the only one for me
Without you I could never ever be.

Verse 3:

Baby, it seems to me, sometimes we need to try
After all, we still know how to fly
But we know the borderline, a crossing would destroy
Our love is more precious than some joy

Bridge:

Loving eyes, (the loving smile),is only for you and me
The loving eyes, (the loving smile), is only for you and me

Refrain:

Baby baby can't you see, that your the only one for me,
Without you I could never, ever be ,
Without you I could never, ever be ,
Without you I could never, ever be ,
